

Hi, my name is Emilie Netskar and I would like to continue as the female student representative on LANDSAM's faculty board. The board work is overall and strategic, a level I find it exciting to work at. Together with the male student representative, we have begun work to look at how the faculty can work for better interdisciplinary collaboration within the faculty, so that it is noticeable to the students. Now that I finally feel that I know the possibilities the board position, I hope that I will have the opportunity to continue, so students get an even stronger voice in the strategic work at the faculty.
